

# Fighting fund

**The PCS fighting fund supports members taking targeted industrial action.**

We are asking all members to make a voluntary donation of **£2 a month** to support striking members whose action could exert significant pressure on the government to enter into national negotiations over the key issues in our dispute:

- **Pay**
- **Pensions**
- **Jobs**
- **Terms and conditions**
- **Privatisation.**

Making this small donation could help make major gains for all members on pay, pensions, jobs and terms and conditions.

## **Our strategy**

Sustained targeted industrial action has proved a successful tool in trade union disputes throughout history, but has to be funded to ensure members involved are not left in poverty.

In our consultation in 2013, dozens of branches said they were willing to take targeted action. Our national disputes committee is now working with branches and reps to look at how this could work in practice.

Encourage your colleagues to back the fighting fund and, if they haven't already, to [join PCS](#).

## **You can donate by:**

### **Making a one-off Paypal payment or Setting up a regular subscription with Paypal**

Writing a cheque for **£24** made payable to **PCS fighting fund levy** and sending it to **PCS Finance Department, Freepost, BFH1003, 160 Falcon Road, London, SW11 2BR**

Go to <https://www.pcs.org.uk/campaigns/fighting-fund> for more details on contributing and to download the Direct Debit form.
