

Message from Pippa Parsons and Angie Bennetto – In aid of Prostate and Breast Cancer.

Dear All

I know we may not know some of you but anyone that does know us will tell you we are a couple of pretty unfit (and slightly plump!!) members of C&LD both based in St Austell. Point is, we got swept along by all Mike Blythman's tales of his epic charity adventures – and our local People Group reps (Julie Green and Sharon Grigg) and somehow found ourselves shouting out in a KIT that we are going to try a 26.2 mile night walk through London in July for Breast Cancer Care and Prostate Cancer UK. This is their inaugural event too! <https://prostatecanceruk.org/getinvolved/find-a-fundraising-event/walk-the-night>

Well, we have now signed up and started practicing, our blisters are so large they have all been named and Ang has been brilliant in helping me deal with the challenges of trying this sort of thing for the first time as a Type 2 diabetic (bit of a steep learning curve and thank goodness for Jelly Babies 😊)

So, here is the ask – if you would like to sponsor us we would be really grateful. We are using Angie's existing Just Giving page and here is the link <https://www.justgiving.com/fundraising/oohanidea> appropriately called "whose big idea was this ????"

Thanks to all if you donate and for your time in reading this

Cheers & thanks all

Pip & Ang
